BRUCELLOSIS TESTING BEGINS HERE MONDAY

With 91.977 per cent of the 1443 herd owners in the county signed, brucellosis testing today became mandatory for all dairy and beef herds in the county, said Frank S. Zettle, county agent.

State testers will begin a test of the county starting next Monday, the office of the county Agricultural Extension Association was notified today.

Fifteen townships, which had previously signed for the testing, received the first test last fall. As a result the second test for those townships will be held starting Monday while the first testing will be conducted for the 320 herds in Hamiltonban, Liberty, Oxford, Freedom, Germany and Mt. Joy Twp.

Require 90 Per Cent

While only a few herd owners have signed in some of the townships, the number of herds signed in other townships, plus the number of farmers who had previously signed up for individual testing, brought the number of herds under the testing plan to 1333, thus putting the total number on testing plans over 90 per cent. Under state law when 90 per cent of the herd owners of a county desire testing for brucellosis it becomes mandatory for all.

Because of the start of the testing this month it is possible that the county may receive a modified accreditation as brucellosis-free within a year, Assistant County Agent J. David Naugle said.

The county organized a Brucellosis committee about two years ago to secure signatures for the testing.

At Least 52 Reported Dead In Crash Of French Plane

CAIRO, Egypt (AP)—A big French airliner bound from Saigon to Paris crashed in Egyptian sands today and 52 persons were known killed. The wreckage burned.

Capt. Charles Billet, the plane's commander, was among 12 survivors brought into Cairo by plane, truck and jeep. He was seriously injured. The Egyptian army and American pilots took part in the rescue work.

The Paris office of the airline said 64 persons were aboard the plane, which went down 15 miles southeast of Cairo about 5 a.m. after two of its engines failed, and 52 were killed. Unofficial reports here said 52 dead had been counted.

Trucks bringing others of the injured stuck in the sand.

The big DC6 Cloudmaster was arriving en route to Paris from Saigon and Karachi with 55 passengers and a crew of 9. It was operated by the privately owned Trans-Port Aeriens Intercontinentaux.

An airport official said surviving crewmen reported two of the plane's engines stopped. They said the captain tried a forced landing in the desert but the plane burst into flames when it touched down. Crew members escaped through the emergency exit in front of the plane.

No passenger list was immediately available nor were the nationalities of the passengers established. Officials of the airline said the plane copy of the passenger list burned and the only other lists were in Saigon or Karachi.

Sources in Paris said the wreckage was spotted by William Judd, who was flying his own plane. The American pilot, who is employed by Trans World Airlines, flew his single-engine aircraft nonstop from New York to Paris on Jan. 30.

Another American, Arthur Hoffman of the National Petroleum Co., aided in the rescue operations in his single-engine plane.

QUIGLEY TAKES OPINION POLL IN DISTRICT

In a recent poll conducted by Congressman James M. Quigley throughout the 19th Congressional District, Adams Countians voted in favor of a reduction of federal taxes, said they felt the present farm crisis required federal action and strongly favored federal aid for education.

The nine-question poll was mailed recently to every 10th name on the voting lists in the three counties, Quigley's office said. A return of about 12 per cent resulted.

Generally Adams Countians voted the same way most voters in the two other counties of the district did. Congressman Quigley said he was pleased with the response to the poll and considered it an "adequate sampling" of opinion in his district.

On the tax reduction, residents of this county favor the reduction by means of an increase in personal exemptions. In the farm crisis suggested the use of present farm surpluses to feed the needy of the world. The most popular plan for federal aid to education was through grants to states for school construction where the voters were given a choice of proposed methods.

Countians also said the federal government should concern itself with the rising costs of medical services and care although the margin was only 57 to 43. They favored continuation of a federal housing program and voted satisfaction with the present foreign policy 53 to 47. Nearly three-fourths of those polled favored continued support of the U. N. and nearly as many wanted further emphasis on the "Point Four" program. Voters in Cumberland and York expressed dissatisfaction with present foreign policy. Adams Countians lagged behind other counties in favoring universal military training but gave it approval by a 63 to 37 vote percentage increase among those voters who favor increasing the military strength of U. S. Those polled in this county backed up the Taft-Hartley act but it lost in the district on the basis of votes from York and Cumberland counties. Those counties urged repeal and return to the Wagner Act. Voters in all three counties favored amendments of the McCarran-Planter Immigration law.

COURT DIRECTS RETRIAL OF BIG DAMAGE ACTION

The action in trespass brought by Ruby Constance Bacon, of Savannah R. 5, Ga., and others against Wesley A. Hoisington, Highland Park, Mich., and Interstate Motor Freight System, Grand Rapids, Mich., will have to be retried because Mrs. Bacon talked to some of the jurors about her children.

In an opinion handed down Saturday, the Adams County Court held "It is unfortunate that a new trial must be granted for this reason as we are convinced that nothing improper was intended by any of the parties involved. There being only one ladies' restroom available in the court house, it is impossible to segregate jurors, parties and witnesses during recesses." "In our opinion a new trial is required to assure a fair and impartial trial in fact as well as in appearance, and to preserve the orderly administration of justice."

Husband Fatally Injured

On November 6, 1952, Mrs. Bacon's husband, Harry M. Bacon, was driving a tractor trailer north. At the York Springs intersection, Wesley A. Hoisington, Highland Park, Mich., operating an Interstate Motor Freight System, Grand Rapids, Mich., truck on the Hanover-Carlisle Rd., entered the intersection as Bacon was descending the hill on the Gettysburg-Harrisburg Rd. The Bacon truck cab went under the Interstate truck and Bacon was fatally injured.

Mrs. Bacon brought suit against Hoisington and Interstate for herself, for her children, Ruby Constance, Barbara Carol and Harry Marcus Bacon. Layton P. Bacon, administrator of the estate of Harry M. Bacon was also a party of the suit against Hoisington and Interstate.

A jury gave verdicts totalling \$59,536.05 in favor of the Basons.

according to the testimony presented, reach a verdict such as was given.

During recesses, however, "she mingled with ladies serving on the jury and conversed with them. . . . There is no suggestion that the case was discussed at any time or that Mrs. Bacon acted from any improper motive. . . . Some of the conversation was undoubtedly brought about by inquiries from the jurors who evidenced an interest in the children. . . . One of the jurors inquired whether Mrs. Bacon was warm enough in the suit she was wearing," the court noted.

"These conversations were entirely harmless in themselves and may have had no effect whatever upon the verdict—we are certain that none of the jurors would have consciously permitted them to have any effect. On the other hand the actions were for recovery of damages in the death of Mrs. Bacon's husband and the father of her children. Several of the photographs offered in evidence showed the dead body in the cab of the tractor. . . . It would be most difficult, on the record facts alone, for any juror not to be sympathetic with the widow and children and not to be influenced to some extent by solicitude for them. Anything which would tend to increase that solicitude would be almost certain to influence the verdicts."

BIG RED RAPS YANKS AGAIN IN MOSCOW SPEECH

By RICHARD K. O'MALLEY

MOSCOW (AP)—The Soviet Union apparently has adopted the policy of massive retaliation which it long has scorned as a capitalist threat to world peace.

Marshal Georgi K. Zhukov laid down what appeared to be the new Red military doctrine in his address Saturday before the 20th Congress of the Soviet Union's Communist party.

Only fragmentary reports of the defense minister's address and a companion speech by Foreign Minister V. M. Molotov were released then. The two speeches were carried today in Pravda.

Zhukov castigated the United States for what he said was the creation of military blocs far from the U.S. homeland to ensure its safety in event of a major conflict. He warned such a policy is doomed to failure.

Boasts Of Power

"It is no longer possible to fight without being subjected to retaliatory blows," Zhukov asserted. "If one wants to deliver an atomic attack on the enemy, he must be ready to receive similar and perhaps more powerful attacks from him."

Zhukov boasted that the Soviet Union's armed forces now have "diverse atomic and hydrogen weapons, powerful rockets and jet weapons of various types, including long-range rockets."

He said the Komsomol youth groups and labor reserve schools as well as ordinary educational institutions would concentrate their efforts on producing a hard, disciplined youth capable of defending the Soviet Union.

To Westerners, Zhukov's remarks seemed to indicate that any cut in the Soviet armed forces would be made up by intensified training — out of uniform — of the youthful home guard.

Zhukov made it clear the Soviet Union is not prepared to reduce its armed forces further now.

Since completion of that record they have worked 125,000 hours without suffering a disabling injury. RED ATTACKS ON STALINISM ARE WITHHELD

VIENNA (AP)—European Communists outside Russia still were hesitant today to publish and broadcast the attacks on Stalinism made by leading Soviet speakers at the 20th Congress of the Soviet Communist party in Moscow.

No Austrian Communist paper has yet published the sharp attacks on Stalin's policies delivered to the Congress by Anastas I. Mikoyan, a Soviet first deputy premier. Radio Prague and Rude Pravo, the Czechoslovak Communist party paper, mentioned Mikoyan's criticism of Stalin only very briefly.

Paris Prints Story

In Paris, L'Humanite, French Communist party newspaper, carried the story with all direct references to Stalin's name deleted. Non-Communist papers, however, played up Mikoyan's speech blasting Stalin's economic and political theories and calling for their restudy and revision.

Mikoyan's speech — along with similar attacks by other leaders at the Congress — indicate such far-reaching alterations in the Communist line that satellite propagandists apparently feel they need reschooling before daring to comment.

The Budapest and Bucharest radios have given no details of Mikoyan's remarks.

Another attack on Stalin's regime, however, was carried by Warsaw radio in a special broadcast. It reported a decision that the 1938 dissolution of the Polish Communist party and purge of its leaders as traitors was a blunder.

IKE EXTENDS HIS VACATION

THOMASVILLE, Ga. (AP)—President Eisenhower today decided to prolong his vacation until Friday or Saturday.

White House Press Secretary James C. Hagerty told newsmen meanwhile "there isn't a thing to it" in commenting on a report that Eisenhower had decided to announce late Friday, after the stock markets close, whether he will seek a second term. The President has indicated he will disclose his political plans around March 1, possibly at a news conference.

In response to questions, Hagerty said today he was assuming that Eisenhower's next news conference will be Feb. 29 in Washington. The press secretary declined to say, however, whether the President's answer to the big question would come at that time.

Feb. 29 is a Wednesday and Eisenhower usually meets with newsmen on Wednesday mornings when he is in Washington.

Eisenhower arrived in Georgia last Wednesday for a vacation at the plantation home of Secretary of the Treasury Humphrey. The White House said at the time he would stay about a week.

Adenauer Loses Political Campaign

DUESSELDORF, Germany (AP)—Chancellor Konrad Adenauer suffered a sharp political defeat today. His party was ousted from power in the booming Ruhr Valley state of North Rhine-Westphalia.

One of Adenauer's top lieutenants, State Premier Karl Arnold, was voted from his job by coalition of right-wing and leftist political parties in the Ruhr. Arnold, one of the founders of Adenauer's Christian Democratic Union, was replaced as premier by Socialist Fritz Steinhoff.

The change means that Adenauer's strength in the upper house of the West German Federal Parliament will be sharply reduced. It may mean the Chancellor will be unable to carry out some of his plans for West German rearmament.

Ladies' Dresses: M. de Trobriand, in the Courier des Etats Unis, speaks of a lady, now in Paris, who wears upon one dress 1400 metres (a metre is over a yard and a quarter) of fringe trimming. Fourteen hundred metres! — a tall mile, that is to say, the dimensions of a race course! If it were not for something to attach the fringe to, the robe itself might be omitted without inconvenience. He says also that a young lady in New York city has adorned a single dress with seven hundred and fifty yards of ribbon.

A large number of our country friends were in on the occasion, and the day being a very pleasant one, the streets were crowded. The "Blues" paraded, and made a handsome appearance. They marched to St. James' Church, where the Festival Address was read by Capt. C. H. Buehler, and an address delivered by David Wills, Esq. The church was crowded, and there was very general satisfaction with the exercises on the occasion.

Today's Talk

BE DEDICATED!

No one can expect even ordinary happiness unless he has dedicated himself to some useful occupation in life. I like to think of myself as a happy newspaper man, but my greatest joy and thrill has been the writing of these brief talks over a period of more than thirty years, in which I have sincerely tried to bring hope, comfort and faith to those who have honored me by reading my thoughts.

I like to think that this part of my life is dedicated that is dedicated. In the truest sense every life is dedicated that is devoted to giving courage and inspiration to others. I try to live that line — "He climbs highest who helps another up!" I pay tribute to the physicians, scientists, pioneers, evangelists, and public servants whose greatest service is devoted to the health and happiness of others. They live dedicated lives.

I have been greatly inspired by the reading of a book called "Guidedposts Anthology," in which are many articles by famous people who felt their lives dedicated to giving hope and encouragement to others. Each writer emphasizes the part that prayer has had in the arrangement of his life.

How insignificant, in comparison, is that life dedicated to the mere making of money with that one devoted to bringing happiness to the unfortunate, or that one dedicated to the uplift of all human kind! It is by spiritual wealth, that we distribute daily, that we can truly say we have loved and lived.

In the book mentioned above is an inspiring article by Conrad Hilton, the noted hotel owner, perhaps the greatest hotel genius in the world, in which he tells of the failure and discouragements that he met for years, yet triumphed over them all. He pays tribute to his religious mother, who once said to him: "Don't talk to me about the important people you have to see, Connie. You get along over to church first and see God." And so Hilton says: "When I walk from the Waldorf each day over to the Cathedral, I feel like saying to everybody I see: 'Come in with me and visit the Lord. It's the best investment you'll ever make.'"

Tomorrow Mr. Adams will talk on the subject: "Incentive." Professed, 1956, by The George Matthew Adams Service

Just Folks

MERCY JANE HAYES

The first to call her Mercy named her well.
For mercy was her lifelong, steady rule.
She never dreamed that such a thing I'd tell
When I was just a little boy in school.

Her favorite pupil? No, I wasn't that.
Just one of others eight years old and nine.
Admiring her as at my desk I sat,
And glad her life had changed to cross with mine.

Today I learned that Mercy Hayes had died.
Unmarred though she lived to eighty-eight.
That boy's patience who so often tried
Had lost a friend, seems not enough to state.

Well, eight from seventy-four leaves sixty-six,
And those are years made up of weeks of days.
The lives of teachers and their pupils mix,
And mine I'm sure was helped by Mercy Hayes.

GREEK PREMIER WINS ELECTION BY NARROW VOTE

ATHENS (AP) — Supporters of pro-Western Premier Constantine Karamanlis have won Greece's parliamentary election. But returns today showed they have a margin of only eight seats and trailed their Red-tinted opposition in popular votes.

Ex-Premier George Papandreou of the opposition declared the adverse popular vote and small parliamentary majority won by Karamanlis in the balloting Sunday will force the government to call a new election soon.

Returns gave the Premier's National Radical Union 154 seats in the 300-member House. The rest went to the seven-party opposition coalition, which ranges from Communist to far-Right Nationalists.

The unofficial count gave the opposition 1,330,635 to 1,346,582 for Karamanlis' forces. There were still about 150,000 votes to be counted.

Papers Herald Victory

Pro-government papers carried jubilant headlines declaring that Communist efforts to break Greece's bonds with the United States had been frustrated.

Opposition papers conceded Karamanlis' majority in Parliament but declared he had been rejected by the popular vote.

A complicated election law governing the allotment of seats resulted in the government's retention of a majority even though it got a smaller total vote.

Such a narrow margin for Karamanlis' group, which held 214 seats in the last Parliament, provided little chance for a stable government. But sources close to the Premier said it was probable many centrist deputies in the opposing coalition would swing their support behind the new government.

See Cyprus Tinge

Western observers were openly concerned over the size of the popular vote against Karamanlis. It was seen as an expression in part of Greek resentment against British-American policy on the Cyprus issue and the Turkish mob attacks on Greek minorities in Istanbul and Izmir (Smyrna) last September.

Karamanlis has tried to offset this by challenging the big powers over their treatment of Greece. Although feeling Greek foreign policy is interwoven with that of the United States and Britain, he declared the big powers should be ruthless in their relations with the little nations.

Karamanlis pledged during the campaign to "further the people's interest" on such issues as Cyprus, the British island colony south of Turkey which Greece wants to annex.

IKE OFF ON NEW QUAIL HUNTING ROUND TODAY

THOMASVILLE, Ga. (AP) — President Eisenhower and Secretary of the Treasury Humphrey teamed up for another round of quail hunting today.

They went off to the fields of Humphrey's plantation estate about 9 a.m. The skies were a bit overcast but the forecast was for clearing weather.

Eisenhower got back into hunting togs after a restful Sabbath.

Ready To Help Europe

The President did put out a statement saying the United States stands ready to furnish surplus farm commodities to peoples of Western Europe suffering from one of the most severe winters in decades.

Expressing growing concern over the hardships being experienced there, Eisenhower said: "I know that the people of the United States will deem it a real privilege to put these agricultural commodities to the great service of relieving the suffering of our Western European neighbors."

Discussed With Benson

France alone has lost about a third of its current wheat crop, said the President.

James C. Hagerty, White House press secretary, said Eisenhower has discussed the situation with Secretary of Agriculture Benson.

SPLIT IN LA. CATHOLICS ON INTEGRATION

By HUGH A. MULLIGAN

NEW ORLEANS (AP) — A group of Catholic lawmakers proceeded with plans to prevent integration of Louisiana Catholic schools, despite a pastoral letter from Archbishop Joseph Rummel condemning segregation as "morally wrong and sinful."

The six-page letter was read at all Masses in the 120 churches throughout the archdiocese of New Orleans and clearly indicated the archbishop intends to end segregation in church and school facilities as soon as a special committee completes a study.

The archbishop gave no hint when that would be, but church spokesmen previously have used the target date of "sometime after September 1957."

Letter To Be Disregarded

Rep. E. W. Gravelot Jr. of Plaquemine Parish said the pastoral letter would have no effect on his group's plans to restore parochial schools to Louisiana's 1954 school segregation laws when the Legislature meets in May.

The state's segregation laws were declared unconstitutional last Wednesday by a three-judge federal appeals court which ordered New Orleans public schools to begin carrying out the 1954 U.S. Supreme Court decision banning school segregation.

"We're going to appeal that decision," said Gravelot in behalf of other Catholic lawmakers supporting his proposed bill to head off parochial school integration. "If the appeal fails then we'll come up with some new segregation laws. Catholic schools definitely will be included."

Discussed In Pulpit

Parochial schools were removed from the state's segregation plans at the insistence of Archbishop Rummel.

The archdiocese is the largest in the Deep South with a Catholic population of more than half a million.

Churchgoers yesterday heard archdiocesan integration plans discussed from the pulpit for the first time.

"Racial segregation," said the 79-year-old German-born archbishop, "is morally wrong and sinful because it is a denial of the unity and universality of the redemption" and a "denial of the unity and solidarity of the human race as conceived by God."

New Team Tries At Westinghouse Today

WASHINGTON (AP) — Two outside labor experts teamed up with the government's mediation service today in an "all-out effort" to settle the 127-day Westinghouse Electric Corp. strike.

David L. Cole, Paterson, N.J., attorney and former chief of the federal mediation service, and Dr. George W. Taylor, former chairman of the wartime National Labor Board, agreed to assist in efforts to solve the protracted dispute. Talks resume today.

The Westinghouse dispute, over four months old, has become the nation's longest major strike in a decade. Nearly 55,000 strikers have practically idled one of the country's major electrical producers.

publican national convention from each of the state's congressional districts will be elected. Democrats will elect four delegates from each district.

The only statewide candidates to file before the deadline were former Mayor Joseph S. Clark, Philadelphia, the Democratic organization-backed candidate for U. S. Senator, and Atty. Gen. Herbert B. Cohen, Democratic-backed candidate for State Supreme Court.

The Democratic-organization-supported statewide candidates also include Francis R. Smith, state insurance commissioner, for auditor general; James P. Knox, Allegheny County controller, for state treasurer, and Philip O. Carr, Uniontown, for Superior Court.

The ticket supported by the Republican organization, in addition to Duff, includes Rep. Charles C. Smith, Philadelphia for auditor general; Rep. Robert F. Kent, Crawford County, for state treasurer; Judge Benjamin R. Jones, of Luzerne County, for Supreme Court, and G. Harold Watkins, Senate secretary, for Superior Court.

The vote in the presidential primary is not binding on Pennsylvania's delegation to either the Republican or Democratic national conventions. It merely serves as a straw vote popularity contest.

Rescue Canoeist From Susquehanna

HARRISBURG (AP) — A 46-year-old Cumberland County man was rescued from the chilly Susquehanna River yesterday after his canoe overturned near New Buffalo, about 20 miles north of Harrisburg.

John Siemons, West Fairview, escaped apparent injury when his canoe capsized some 300 yards offshore in about 15 feet of water. His shouts for help were heard by Warren McKelvey Jr., 12, and his half brother, Carl Irvin, 17, both of New Buffalo.

Siemons was in the water about 20 minutes grasping the bow of his canoe before being rescued by a passing boat hailed by the two teenage boys. Police identified the rescuers as Eugene Briener, Danville, and Carl Wright, Millers-town R. D.

Bullets Lead Throughout Tilt To Down Bucknell 87 To 77; Will Play At Juniata Tonight

Bob Davies' Gettysburg College courtmen led all the way here Saturday night to defeat Bucknell 87-77 and thereby avenge a previous setback sustained at Lewisburg earlier in the campaign.

The score was tied only in the first minute of play after Frank Capitani opened for the Bullets with a goal and Homer Weider converted two fouls to make it 2-2. Thereafter, the Bullets were in command. The score went to 11-3 on a pair of goals by Al Tett, Joe Bierly, a pair of fouls by Bierly and one by Dick Hockenbury.

"Hock" Outstanding
Brilliant play beneath the boards was a big factor in the triumph with Hockenbury being particularly outstanding in grabbing 27 rebounds. Bucknell pined Gettysburg's lead to 20-18 after about nine minutes but the Bullets, led by Bobby Walack, came back to a 30-22 lead and finished the half strong for a 40-29 advantage.

Throughout the second half the Bullets easily maintained their lead. After five minutes of action the score stood 54-37 and midway in the half the locals were on top 61-50. A pair of goals by Marty Tannebaum cut the Bullet margin to 63-56 but a foul by Tett, goal by Bierly and two more fouls by Bierly got the Bullets off again and they romped home an easy winner.

Walack hit for 27 points and Tett for 23 to provide most of the Gettysburg offense. Norm Voorhes led the Bisons with 23.

The victory gives Gettysburg a 7-9 record as compared to Bucknell's 7-10 mark.

Tonight the Bullet varsity meets Juniata at Huntingdon, after which Dickinson will be met at Carlisle Wednesday and powerful Lafayette here Saturday.

Freshmen Win
Johnny Yovich's freshmen nipped the Bucknell frosh in Saturday's prelim 65-61 to up their record to 6-4. They meet York Junior College at York tonight.

SANTEE PLANS COURT ACTION AGAINST AAU

By ED CORRIGAN
NEW YORK (AP)—Wes Santee, America's foremost hope for the magic 4-minute mile, today angrily drew plans for a court suit against the Amateur Athletic Union, which has barred him from track for life.

The AAU took the drastic action at its Executive Committee meeting yesterday after hearing a report by an investigation committee on Santee's expenses. The committee found about \$1,500 which, it said, was "overage," meaning above the allotted expenses permitted.

Unless he is backed in the courts, Santee is through as a runner. He can be reinstated as an amateur in other sports but never again in track.

Olympics At Stake
"We plan to ask the courts to enjoin the AAU from carrying out Wes' suspension," said his attorney Charles P. Grimes of New York. "Our contention is the same that we have been making all along—that the Executive Committee of the AAU does not have the authority in the case, that it should be turned back to the Missouri Valley Assn."

If the AAU's action stands up, it means that Santee, whose 4:00.5 is the closest any American has come to the 4-minute mile, is out of the Olympics. He was the United States' main hope.

"I'm extremely disappointed," he said bitterly. "I don't believe I received fair treatment. I'm convinced the AAU has violated its own constitution in suspending me. If there are any new charges concerning professionalism, I'll be happy to answer them before the proper authorities—the local Registration Committee of the Missouri Valley Assn."

Vote Was 14-1
The Missouri Valley Registration Committee, his home body, suspended him last October, but was overruled by its own board of governors. Then the AAU, at its annual meeting last December, appointed a special committee headed by Pinky Sober, national AAU track and field chairman, to reopen the case.

On the basis of Sober's report, the committee suspended Santee by a 14-1 vote.

AAU President Carl Hansen said there were seven instances in which Santee's expenses were more than permitted.

He enumerated three — the Modesto and Compton meets, in which Santee received about \$700 more than allowed; the Chicago and Cleveland meets in which he was over by \$290; and the Philadelphia and Washington meets in which his expenses were \$150 more than permitted. The AAU allows \$12 a day plus transportation.

Boxing Card For The Week

By THE ASSOCIATED PRESS
Rory Calhoun and Eddie Machen two unbeaten young prospects of great promise, get chance to climb a little higher this week in their divisions.

Calhoun, winner of 17 straight, meets Angelo De Fendis of Brooklyn, who has lost only to Calhoun in 13 bouts. Their bout is the main event tonight at St. Nicholas Arena in New York.

Du Mont will telecast.
John L. Sullivan Again
Machen, a 22-year-old San Francisco heavyweight, has won 11 in a row. He expects to make it an even dozen Wednesday against Julio Mederos of Havana in San Francisco and on TV.

Mederos, who has stopped Roland LaStarza and Harold Johnson, won his last from Claude Chapman.

Machen has knocked out 10 of 11, going the route in his last start, Dec. 12 against Ben Wise.

In Friday night's TV encounter from Madison Square Garden, Rocky Castellani takes on John L. Sullivan of England.

In a non-TV bout tonight, Archie Moore gets back into action at San Francisco against unranked heavyweight Howard King.

LITTLES WINS TEXAS OPEN IN CLOSING RUSH

SAN ANTONIO, Tex. (AP)—Young Gene Littler, who came from five strokes back with a closing rush to win the Texas Open, headed the golf tour toward Houston today as leading money winner of the year.

The Palm Springs, Calif., golfer shot a blazing 7-under-par 65 on the last 18 holes yesterday. That gave him a 12-under par 276 for 72 holes and \$3,750. His total winnings of \$7,225.00 pushed him ahead of Lloyd Mangrum, Apple Valley, Calif., who failed to get in the money here. Mangrum now is in second place with \$6,504.

Littler had no trouble with the 6,535-yard Ft. Sam Houston course as he strung seven birdies with 13 pars and wound up two strokes ahead of the field.

Tie For Second
Frank Stranahan of Toledo, who had a stroke taken away from him for playing a provisional ball out of a hazard, finished with a 68 and tied for second place at 278 with Ernie Vossler, Fort Worth, Tex., and Mike Fetschick, Mahanop, N.Y., who had a fine closing 66. The trio won \$1,800 each.

Four players tied for fifth place. Lionel Hebert, Erie, Pa., shot a closing 63, while his brother Jay of Sanford, Fla., had a 67.

Tied with the Heberts at 279 were Doug Ford, Klamath Lake, N.Y., the Texas Open leader at 54 holes, who finished with a 73, and Freddie Haas, Claremont, Calif., who wound up with a 71. Each won \$850.

PROVIDENCE BEATS BEARS

By THE ASSOCIATED PRESS
It isn't often that a team does a complete about face, finishing last one season and first the next. But the Providence Reds are heading in that direction in the American Hockey League largely because of their ability to win at home.

The Reds found the range at home again last night to defeat the Hershey Bears 4-2 and retain their five point lead.

The victory was the Reds' 21st in 26 games on home ice. Last season they only won 21 games, all told.

In other games, the runnerup Pittsburgh Hornets downed the Buffalo Bisons 3-1 and the Cleveland Barons beat the Springfield Indians 5-2.

Providence had to come from behind to nip Hershey, overcoming a 2-1 deficit on third period goals by Jim Bartlett, Red Johansen and Bill Folk. Ed Panagabko and Dunc Fisher scored for Hershey.

Nats To Give Big Ten Star Tryout

NORFOLK, Va. (AP)—Dick Ernst's name pops up in every conversation about prospective big league baseball players here.

The former Ohio State star, who led the Big Ten in batting with a .342 average, batted .350 for the Navy Bluejackets. This despite the fact the Cincinnati boy played almost every position on the diamond.

The Washington Senators have invited the 175-pound, 23-year-old ensign to spring practice. He is primarily a catcher.

The United States is the only country where almost all the railroads are privately owned, says the Twentieth Century Fund.

11 SCHOLASTIC TEAMS SURE OF PLAYOFF TILTS

HARRISBURG (AP)—Eleven major schoolboy basketball teams in western Pennsylvania and two in the central part of the state today hold berths in the PIAA post-season tournament.

Six squads, including perennial tournament contender Farrell copped league titles over the weekend to cement their spot in district and possibly the state playoffs in March.

For Farrell it was the sixth Sect. III title in the WPIAL in the last seven years. Only in 1953 were the Steelers deprived of a post-season berth when Sharon copped the league title.

Win Playoff Berths
In addition to Farrell, other teams winning post-season berths over the weekend were:

Meadville of Sect. II of Dist. 10, Erie Tech of Sect. I in Dist. 10, New Kensington of Sect. I, Monessen of Sect. 5 and Monaca of Sect. VIII, all WPIAL.

Major teams which qualified for playoff berths earlier:

Independents Johnstown and Altoona of Dist. 6, independent Shippensburg of Dist. 3, Westmont of the Tri-County League of Dist. 6, Purchase Line of the Indiana County League of Dist. 6, Coal Twp. of the Keystone League of Dist. 4, and Somerset, Dist. 5 champion.

Clinch League Titles
In addition, many teams throughout the state clinched at least a tie for league titles in Friday's games and have a chance to qualify for playoff berths this week.

Among them are Allentown, of the East Penn (Dist. 11), Bloomsburg of the Susquehanna League (Dist. 4), Williamsport, independent (Dist. 4), defending state champion McKeesport in Section VI of the WPIAL and Conemaugh of the West Central League of Dist. 6.

Sharpville and Hickory meet for Sect. II honors in Dist. 10 Friday. Several other leagues, mostly in the huge WPIAL, appear headed for ties. Uniontown and Jeannette are both tied for Sect. II honors and each is favored to win Tuesday's games. The same holds true for Washington and Dormont in Sect. IV and Tarentum and Leechburg in Sect. XI.

Other Races Shape Up
In the east, Allentown and Chester continued to romp in the East Penn and Suburban Philadelphia I leagues but Reading got its first job in the Central Penn.

The high-flying Red Knights, first half champs, dropped their first league game of the season to Harrisburg William Penn. It pushed Reading into a three-way tie for first place with Lancaster and York.

Ches-Mont—Coatesville dropped defending and first half champion Pottstown to third place. The win gave Coatesville at least a tie for second half honors. If they win a playoff game with Pottstown will be necessary.

Dist. 9 — Punxsutawney regained top spot in the league by beating Brookville while Clearfield dropped a decision to defending champion Kane. Clearfield had been tied with Punxsutawney prior to Friday's game.

COLLEGE SWIM SQUAD UPSETS TEMPLE 49-35

The Gettysburg College swimmers captured their third victory of the season by edging Temple University 59-35 Saturday afternoon in Philadelphia.

Three individual first places and the 300 medley and 400 freestyle events were taken by Coach Jim Lentz's squad.

Bob Gilchrist won the 50 freestyle; Lou Natale the diving; and Bill Sutherland took the 200 individual medley.

Members of the 300 medley squad included George Allison, Sutherland and Ron Paul. The 400 freestyle relay outfit was composed of Paul, Sutherland, Ken Newbood and Gilchrist.

DIPLOMATS PIN BULLET MATMEN FOR 23-9 WIN

Gettysburg College's wrestlers found the Franklin and Marshall matmen too strong at Lancaster Saturday night, the Diplomats thrashing out a 23-9 victory.

TANK DECISION LEAVES TOUCHY QUESTIONS FOR U. S. STATE DEPT.

By WARREN ROGERS JR.
WASHINGTON (AP)—President Eisenhower's decision to ship 18 tanks to Saudi Arabia after all left the State Department still confronting two touchy questions today.

The department must decide this week:

1. What to tell Israel? Ambassador Abba Eban served notice he would plead with increased insistence for approval of Israel's Nov. 16 request for 50 million dollars worth of U. S. arms. He likely will seek an appointment with Secretary of State Dulles, expected back Wednesday from a two-week Bahamas vacation.

Explanation Wanted
2. What to tell Congress? Chairman George (D-Ga.) said the Sen-

ate Foreign Relations Committee wants an explanation of the tanks-for-Arabia deal from Dulles as soon as possible.

Israel set February sometime ago as "crash month" in its campaign for arms and a security guaranty from the United States. A U. S.-British-French committee, aware of the March 1 deadline, is meeting again this week to search for a joint course of action to prevent Middle East war.

Egypt's Premier Gamal Abdel Nasser referred obliquely to the deadline last night. In a speech at Cairo as half a dozen Soviet-built jet fighters roared overhead, Nasser said Egypt should brace for a possible Israeli assault in the spring.

Israelis Worried
Ambassador Eban, in a CBS television interview, said Israelis are "very much worried" with everything they have "lying in the shadow of an aerial preponderance possessed by the Egyptian dictator, 12 minutes flying time away."

Eban said a Middle East arms race is already on, with Russia, the United States and Britain all supplying weapons to the Arab states. "The question," he said, "is whether it shall be a one-sided arms race leading us to disaster, or an arms race in which Israel is able to reduce the disparity."

He said the administration's agreement to ship 18 tanks bought by Saudi Arabia, its subsequent embargo on all arms shipments to the Middle East and, finally, its lifting of the embargo, only aggravated Israel's feeling of being at the mercy of the Arabs.

Embargo Lifted

Eban said the \$110,000 in shipments to Israel freed when the U. S. embargo was lifted Saturday night has been made into "a spu-

Drops Dead During Daughter's Wedding

HADDON HEIGHTS, N.J. (AP)—Edwin C. Spencer, 61, of Audubon, N.J., died of a heart attack a few minutes after giving his daughter's hand in marriage.

Death came to Spencer, sitting in a pew with his wife, as the marriage was drawing to a close Saturday in Haddon Heights Baptist Church.

The Rev. Kenneth W. Masteller, who performed the marriage, said that about 100 guests attended a reception after the ceremony at the insistence of Mrs. Spencer.

"He would have wanted it this way," the pastor quoted Mrs. Spencer as saying.

Finita Leaving Aleta, Lequita And Vinita

DALLAS (AP)—Aleta, Lequita, Vinita and Finita have been living happily together.

But soon it'll be just Aleta, Lequita and Vinita because Finita is leaving for a job in Rhode Island. The girls, Aleta Rice, Lequita Byars, Vinita Chumley and Finita Gilbirth, say it was just chance that led them to share an apartment.

rious and artificial issue." He said it involves merely spare parts having no bearing on Israel's security. "You might as well call it cans of beef or lemonade," he said.

The State Department has described as training vehicles the 18 M41 Walker Bulldog tanks for which Saudi Arabia reportedly paid more than two million dollars. It said it had been decided their shipment, and that of some repair parts to Israel, would conform with U. S. policy for "the maintenance of peace and stability in the area."

Air Base Involved

Sen. George told a reporter the tank shipment had to go through since, he said, the U. S. government "has to live up to its agreements." But he deplored the timing as "most unfortunate" and said he wanted to hear a full explanation.

The State Department statement on the embargo said 150 million dollars in requests for arms had come in from Middle East countries during the past year. It said 16 million dollars worth, including Saudi Arabia's tanks, had been approved since August.

In effect, it acknowledged that one factor in the picture is the U. S. Air Force base at Dhahran, Saudi Arabia. A 1951 agreement governing American use of the base is due to expire this summer. There is provision for a five-year renewal.

HOW TO CURE CHILD'S COLDS

By DOROTHY V. WHIPPLE M.D.
The Associated Press

Little children are likely to get a good many more colds than older children or grown-ups.

So far medical science has not discovered a sure way to prevent colds, nor has it found any miracle drug to cure a cold quickly once it has started.

A cold is an acute infectious disease that must run its course. The best we can do is to get the youngster over the cold without letting the cold run into a more serious infection.

Rest In Bed

The very best treatment for a simple cold is rest in bed, in a well ventilated room without drafts. Give the child a simple diet. If he has trouble breathing because his head is so stuffed up, steam inhalations are helpful.

The honest truth is no drug we have at present shortens the life of a simple cold. It the child is very restless a sedative will help him rest and sleep.

The anti-histamine drugs which a few years ago were hailed as

the sure cure for colds have not proven very satisfactory, and it is my feeling children are better off without them.

If a child runs a high fever, if he has earache or a sore throat, or a bad cough, he has more than a cold. Take him to your doctor. His illness may have started with a cold but he has developed a complication. For these illnesses the antibiotic drugs are very helpful. It is, however, a mistake to give these drugs for the simple cold. They do not cure the cold and their too frequent use makes them less effective if some serious disease develops.

It is important to see that a child is completely over his cold before he is allowed out of bed and outdoors to play. Keep him in until all his symptoms have disappeared. He is then less likely to develop a complication and less likely to come down with a fresh cold.

If your child seems to get too many colds, by all means have him examined by your doctor. It may be that there is some underlying condition that increases his susceptibility. Maybe he has infected tonsils, chronic sinusitis, or a low grade infection in his ears. Maybe he is undernourished, or has a mild anemia. Maybe he doesn't get enough sleep. Correct-

ing any of these things will build up a child's general health and give him a bit more resistance. However, many children in excellent health do go through a few years when they are very susceptible to colds. You will just have to live through these years. Eventually your youngster will develop some natural immunity and his colds will be less frequent.

It goes without saying that during the years of greatest suscepti-

Dems Seek Showdown Vote Tuesday; See Tax Passage

HARRISBURG (AP)—A surprising Democratic statement of optimism today accompanied a decision calling for a showdown House vote tomorrow on the bipartisan income-sales tax compromise.

"It'll pass," said House Democratic Leader Readinger. "I think the chances are good."

Balancing his optimism was the continued refusal of the House Republican leadership to declare its position on the 360 million dollar package devised three weeks ago by a two-party committee.

"All I can say is that three or four members who were once willing to go along with the come tax part have told me they have changed their mind," said GOP House Leader Smith.

Sales Tax Alternative

Before he made the new appraisal of the tax situation, Readinger said over the weekend that should the income-sales tax fail, the only other alternative to end the 14-month tax deadlock would be a 3 per cent sales tax with take-home food as a major exemption.

Republicans in the Senate also starting talking again about such a 3 per cent sales tax but said nothing would be done until the House disposes of its compromise tax package.

The package, calling for a selective sales tax, a personal net income tax and a levy on gross receipts of restaurants and hotels all at two per cent, needs votes from both sides in order to clear the lower chamber.

Expected 115 Votes

"If we get less than 115 votes for the income tax, I'll be surprised," Readinger said. He made clear that he has not received any indication of what support the Republicans will give nor has he had a chance to poll Democratic members since Feb. 9 when the package originally was to be voted upon.

"My conviction is that right is right," Readinger explained, "and I think this program is right so it can't fail."

He said he is depending upon a prolonged plea on the floor to "convince some Republicans."

Expected More Effort

"Last time we could have passed the program with only a five minute speech from me. This time it will take me three-quarters of an hour."

Only after members of both party caucuses were polled on Feb. 9 did Smith and Readinger feel able to predict passage of the program.

Then Readinger guessed all bills would pass with about 120 votes. The night before the vote was scheduled organized labor declared its opposition and then Readinger wasn't able to deliver on a pledge

that Gov. Leader would sign the entire package if it passed.

Caucus Feeling Unknown

That caused Republicans to withdraw their support. But the next day the governor reversed himself and said he would sign the entire package "as a partial program."

Smith remained elusive on the question of Republican support.

"I don't know the feeling of the caucus at the minute. You just can't tell from one week to another."

Asked if he would recommend

Republicans support the program

he replied he would not and had

not two weeks ago.

MARINE PLANE CRASH CAUSE STILL MYSTERY

OAKLAND, Calif. (AP)—Investigators still are trying to figure out what caused the crash of the military transport plane southeast of here Friday that killed all 40 Marines aboard.

At El Toro Marine Air Station near Santa Ana in southern California, Marine officers are trying to find why the tragedy was compounded by release of an erroneous casualty list based on the passenger manifest of a planeload of Marines which landed safely at nearby Alameda Naval Air Station.

Some parents of men on the wrong list, many notified by the Department of Defense in Washington that their sons had perished, had telephone calls from their sons that it was a mistake. A corrected death list, "rockbound and final," was released early yesterday from Camp Pendleton near Oceanside.

Maj. Gen. Clayton C. Jerome, El Toro commandant, instructed a board of inquiry into the roster mistake to "determine whether this grievous, tragic error is the fault of our system or the fault of an individual. We want to see nothing like this ever happens again."

The four-engine plane, bringing marines from El Toro and Camp

U. S. To Be First On Missiles, Says Stassen

PHILADELPHIA (AP)—The United States will be the first nation to perfect the long range guided missile, Harold Stassen predicts.

The presidential assistant for disarmament said also that he thought Great Britain would perfect that weapon before Russia. Stassen, interviewed by a panel of newsmen on the 1956 Bulletin forum, said that even after perfection of the missile manned aircraft would be a more important weapon.

VANDAL SHOPPERS

UNIVERSITY PARK, Pa. (AP)—Careless handling of merchandise costs retailers thousands of dollars each year, reports Elsie Bamesberger, extension specialist in consumer education at Pennsylvania State University.

In grocery stores, she says, customers pinch fruit to see if it's ripe and burrow under the top berries in a basket to see if the bottom ones are good. Homemakers are justified in inspecting the conditions of goods, she adds, but urges careful handling by customers as if they were going to buy the article.

NEW SPORT TOGS ON SNOW SLOPES

THE ASSOCIATED PRESS

There will be color on the ski slopes this winter, as both serious skiers and amateurs take to gay sweaters and parkas, bold patterns, vivid braid and embroidery trimmings and such colors as altitude blue, flame red, copper, gold and shocking pink.

Parkas and ski jackets are lightweight and washable for the most part, done in water-repellent close woven cottons or nylons, made to be tossed into the washing machine and come up smiling. Among new styles of the season are: A blue cotton poplin parka with all-over embroidered edelweiss flowers in black and white; another with bright Tyrolean braid trim; a reversible cotton pullover with wide woven stripes, lined with solid color nylon and collared and cuffed in white cotton knit.

For after-ski wear, big bulky

sweaters are in high favor, vivid striped knit cardigans being a favorite style. There are others in pullover style, with hood attached, often in awning-size stripes. For active ski-wear the lighter weight sweaters are preferred to wear under lightweight windproof parkas. These come both in stripes and solid colors, preferably gay.

Lift coats, to keep the skier warm while riding the lift, are gay and warm, often with fleece linings. One completely washable coat is in bright corduroy with nylon fleece lining.

The mode in ski pants remains much the same, which universal preference for the slim, tapered down-hill trousers of wool or blended fibers in close-woven worsted or gabardine, made for action.

SEES CHANCE OF INVESTIGATION DESPITE CYNICS

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—“Fat chance” was the way cynics sized up the possibility the Senate might permit a double-barreled, all-out investigation into political spending and lobbying.

This is an election year. Such an investigation might be explosive. It almost certainly would have to dig into the campaign money received by members of Congress and how they spend it. Both parties would be affected.

Nevertheless, such a twin inquiry shows signs of getting started. Sen. Gore (D-Tenn.) says he will investigate campaign contributions and attempts to influence elections. Sen. Kennedy (D-Mass.) says he will investigate lobbying.

Knowland Ready to Lead
But over the weekend the Republicans' Senate leader, Knowland of California, while saying there would be an investigation, made a move which may throw sand in the wheels. If enough Democrats and Republicans join him, the subcommittee headed by Gore has jurisdiction to make the kind of investigation Gore has in mind.

Knowland suggested the Senate might set up a special committee to do the job. Special committees usually are more restricted than regular ones, like Gore's.

Gore is a member of the Senate's regular Committee on Rules and Administration and chairman of its subcommittee on privileges and elections. Other members are Senators Mansfield (D-Mont) and Curtis (R-Neb.).

Wants Bigger Committee
The three men met last week and voted to make the investigation which Gore then announced. But Knowland says it might be better to have any such investigation made by a bigger committee comprised of an equal number of Democrats and Republicans.

Knowland says a “jurisdictional” question is involved—that the Senate Judiciary Committee has jurisdiction over any revision of the Corrupt Practices Act.

But Gore's group held jurisdiction last year. It spent weeks holding hearings on proposals to improve the Corrupt Practices Act. It drew up a bill to amend the act and the bill is now waiting for Senate action.

Gore Has Authority
Further, the Senate itself, under Rule No. 25, long ago specifically said the Senate Committee on Rules and Administration — of which Gore's subcommittee is a part—is the one to which:

“Shall be referred all proposed legislation . . . and other matters relating to the election of the President; vice president; or members of Congress; corrupt practices; contested elections . . .”

Nor can there be any doubt that Kennedy—as chairman of the Senate's subcommittee on the reorganization of Congress—has authority to look into lobbying. The Lobbying Act of 1946 was part of the general legislation passed that year by Congress to reorganize itself.

Kennedy's group has authority to study how the Reorganization Act—including the law on lobbying—works.

Father Is Third Victim Of Blaze

LEWISTOWN, Pa. (AP)—Wilbur Walton, 44, died Saturday in Lewistown Hospital of burns suffered Friday in a log cabin fire which claimed the lives of two of his children, Ricky, 5, and Jane Walton, 3, near Mifflintown.

Firemen said a kerosene stove explosion started the fire. Mrs. Walton was uninjured but another daughter, Stela, 7, was in serious condition at Lewistown Hospital with burns of the arms and legs. Two other Walton children were at school at the time.

DERAILMENT BLOCKS RAILS
CHAMBERSBURG, Pa. (AP)—Thirty-six loaded coal cars of a 119-car train jumped the tracks near here yesterday blocking the east-west main line of the Western Maryland Railroad.

No one was hurt in the accident which piled the middle cars of the Reading Co. train into “about four car lengths.” The freight was bound for Harrisburg.

P. A. Hermann, chief Western Maryland dispatcher at Hagerstown, Md., said a faulty coupler was believed to have dropped between two cars onto the tracks upsetting the middle of the train and spilling coal along the right-of-way.

Hermann explained that the Reading and Western Maryland use each others' lines.

No passenger trains use the line but 35 to 40 freight and coal trains operate over the tracks daily, the dispatcher said.

Trains were rerouted over the Pennsylvania Railroad between Hagerstown and Harrisburg.

The derailment occurred six miles east of Chambersburg at about 3:40 p.m.

Hermann said “those cars are welded together” but added wrecking crews expected to have the roadbed cleared by today.

JACKSONVILLE, Fla. (AP)—The Earl Bryson Co., house movers, reported someone broke into a house they were preparing to move and stole the kitchen sink — nothing else.

DON'T SHAKE VARNISH
Unlike paint, varnish should not be shaken or stirred before using. Disturbing the liquid tends to create bubbles which remain in the finish when the varnish film dries.

He was president of the American Newspaper Publishers Assn. from 1928 to 1929, and was vice president of The Associated Press from 1924 to 1926. He was a director of The Associated Press from 1940 to 1950.

A lifelong Republican, he was a delegate at Republican National Conventions from 1920 to 1948. Former President Herbert Hoover was a close friend.

Butler was also a pioneer in radio and television. He opened radio station WBBN in 1930 and in 1948 WBBN-TV went on the air. He purchased a second radio station, WEBR, in 1936 but sold it in 1942.

Wardrobe Lineup

Here's what the girls here like: For casual dating: Basic variable wool dresses and jumpers which can change appearance entirely when worn with different accessories or matched sweaters and skirts or cashmeres and good tweed skirts.

For formal occasions: Party dresses ranging from the full-skirted bright-colored, scooped necked taffetas to slinky black sheaths; short evening gowns in-

stead of long formals.

For in-between affairs: Beaded or pearl-encrusted white sweaters with dressy skirts.

Weekend Grooming

For a weekend at a neighboring school: A suit for the trip and the game, a wool dress for the fraternity party after the game and the supper that night, and a dressy dress for the evening affair.

For sports and relaxing in the dormitories: Bermuda shorts.
